RE: Waiver for Form 471 -#161035060

On August 8th, 2016, Form 471, #161035060 was certified, but was out of window. The form was completed on April 28th, 2016 and submitted. Due to confusion in the new interface, the certification screen was overlooked. It was then discovered on August 8th, that this step was neglected, thus resulting in the late certification. Please waive the late submission and consider this filing to be in window.

Yours in Education,

Dana Wiseman
